

Material Handling and Custom Thermoformed Solutions

Features

High-Density Polyethylene (HDPE) Construction

- Environmentally friendly
 - 100% recyclable
- Lightweight for better ergonomics
 - Operator/user friendly
- Thick nominal walls of 0.35"
 - Impact Resistance
 - Pallet longevity
- ISPM 15 exempt

Molded in Steel

- Provides minimal dynamic and rack deflection
- Unique design allows for racking pallet in many different applications in the 40" direction, saving valuable warehouse space when unloaded.

Easy to Clean

- Proprietary molded-in steel reinforcement eliminates any unsanitary hollow areas - great for food, pharma, and more.
- Sanitary

Mirror Image

- Pallet and lid are interchangeable
- High lip can securely hold corrugate combos & prevent slipping and/or tipping during shipment
- Minimizes storage space
- Reduces shipping costs

Fully Nestable

- Nesting conserves space and reduces shipping costs
- Interlocking pallet legs for secure stacking

4-way Forklift and Forkjack Entry

Weather Resistant

Tough Pallet

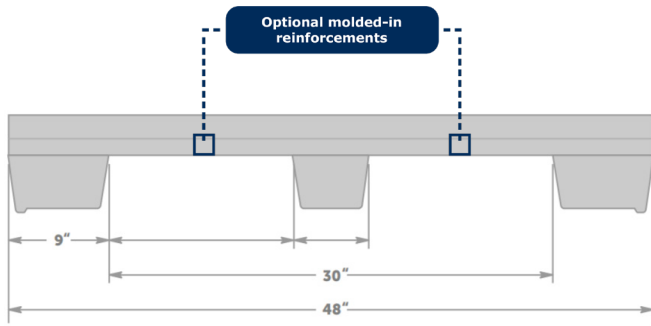

Options

- Optional No-Rust aluminum bars for strength and rigidity
- Wide range of stripe colors
- One or multiple stripes in 48" direction
- FDA materials available with virgin resin

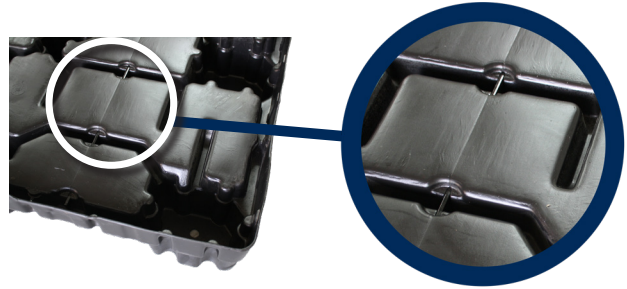

Fully Nestable

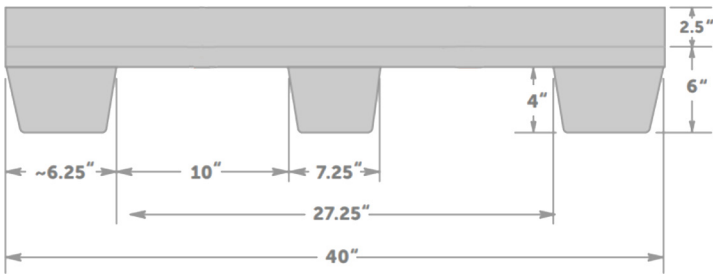

Tough Pallet Specifics

STEEL LOCATION

DRAINAGE

- Optional Drain Holes

SHIPPING INFORMATION

Stack Height	100" / 2,540 mm
Qty of Pallets per Stack	27 High
Qty Pallets per 53' Trailer	810 pallets / 30 skids
Qty Pallets per 20' Container	270 pallets / 10 skids
Qty Pallets per 40' container	540 pallets / 20 skids
Qty Pallets per 40' HC	560 pallets / 20 skids / 28 high

RACK FIT UP

- Racking Feature

Model Tough Pallets with reinforcement	Ratings			Approximate Weight
	Static	Dynamic	Unsupported Rack	
	8,000 lbs / 3,628.74 kg	4,000 lbs / 1,814.37 kg	1,800 - 2,800 lbs / 816.47 - 1,270.06 kg	35 lbs / 15.88 kg

Model Tough Pallets without reinforcement	Ratings			Approximate Weight
	Static	Dynamic	Unsupported Rack	
	8,000 lbs / 3,628.74 kg	3,000 lbs / 1,360.78 kg	1,500 lbs / 680.39 kg	28 lbs / 12.70 kg

TriEnda publishes standard guidelines for its products, based on its testing standards, and, as such, these guidelines do not constitute any warranty related to each customer's individual application. The material handling industry has not standardized on test methodology and rating criteria for each individual product. All TriEnda products are sold with the understanding that the customer will validate the suitability of the product for their specific application. As each product application is unique, the customer assumes all risks associated with the determination and actual use of the pallet.
