

# Industrial Pallet

40x48 or 42x48

*\*formerly known as the DC4, DC4V, and DC4V HP Pallets*

*Upgrading the Experience™*

## Thermoformed HDPE Twin Sheet Construction

### FEATURES

- Impact Absorbing TriMax™ design for added stiffness and durability
- Impact resistant
- Lightweight for better ergonomics
- Oval leg design minimizes damage caused by fork-tines

### OPTIONS

- TruGrip™ highest coefficient of friction
- Stripe identification
- Grommets
- Custom logos and/or labels
- Drain holes
- DC4V with lipped edges (*see below-40x48 dimensions*)
- DC4V nests with competitor models

TriEnda publishes standard guidelines for its products, based on its testing standards, and, as such, these guidelines do not constitute any warranty related to each customer's individual application. The material handling industry has not standardized on test methodology and rating criteria for each individual product. All TriEnda products are sold with the understanding that the customer will validate for themselves the suitability of the product for their specific application. As each product application is unique, the customer assumes all risks associated with the determination and actual use of the pallet.
