

# BULKHEAD SPACERS

Fill large voids for maximum weight loads quickly and reliably

## 01 / Details

### Ideal to use in:

Cargo Protect+ products fully absorb the force of the load to deliver the best freight damage prevention and weight balance compliance in the industry.

- The nose end of trailers and containers to properly balance axle weight
- The center of rail car shipments to fill large longitudinal void
- Both ends of intermodal containers to brace the load from shifting

**REDUCES DAMAGES BY UP TO 80%**

**INCREASES PRODUCT QUANTITY PER SHIPMENT**

**[CARGO PROTECT+]**

Durable design for rail shipments

Patented Interlocking System

Slides Easily Into Place

## 02 / Specifications

### Truck Bulkhead Spacer

- 48”h x 36”w x 16”d – 29 lbs
- 1 assembly set spaces 30” deep
- Compliant with CFR 49
- Withstands 20,000 lbs of force
- Can fit 544 pieces or 272 sets in return shipments
- Adaptable to many load patterns
- Parts are nestable for return shipments

### Rail Bulkhead Spacer

- 102”h x 39”w x 16.5”d – 55 lbs
- 1 assembly set spaces 30” deep
- AAR approved
- Withstands 41,000 lbs of force
- Can fit 336 pieces or 168 sets in return shipments
- Adaptable to many load patterns
- Parts are nestable for return shipments

# BULKHEAD SPACERS

## FEATURES

- Energy absorbing- cushions without crushing
- Lightweight rigid parts enable fast loading
- Ergonomic hand holes ensure easy handling
- Splinter-free & lightweight HDPE material reduces dock related injuries
- Weather & moisture resistance allows outside storage to optimize warehouse space
- Easy to clean surfaces are beneficial for use with a variety of commodities

### CARGO PROTECT+ ADVANTAGES

- Environmentally Friendly
- ISPM 15 Exempt
- Long Service Life

TriEnda publishes standard guidelines for its products, based on its testing standards, and, as such, these guidelines do not constitute any warranty related to each customer's individual application. The material handling industry has not standardized on test methodology and rating criteria for each individual product. All TriEnda products are sold with the understanding that the customer will validate for themselves the suitability of the product for their specific application. As each product application is unique, the customer assumes all risks associated with the determination and actual use of the pallet.
