TruGrip™
An anti-skid surface like no other

Introducing TruGrip™ offering the highest COF available on the market using a proprietary rubber-like material. Prevents slippage of boxes on fork tines and on floors.

FEATURES

- Impact Absorbing TriMax™ design for added stiffness and durability
- Impact resistant
- Lightweight for better ergonomics
- Oval leg design minimizes damage caused by fork-tines

OPTIONS

- TruGrip™ highest coefficient of friction
- Stripe identification
- Grommets
- Custom logos and/or labels
- Drain holes
- DC4V with lipped edges (see below- 40x48 dimensions)
- DC4V nests with competitor models

DC4V Lipped Edges

Oval Legs

Nestable Design

PALLET ADVANTAGES

- Environmentally Friendly
- ISPM 15 Exempt
- Long Service Life

TriEnda publishes standard guidelines for its products, based on its testing standards, and, as such, these guidelines do not constitute any warranty related to each customer's individual application. The material handling industry has not standardized on test methodology and rating criteria for each individual product. All TriEnda products are sold with the understanding that the customer will validate for themselves the suitability of the product for their specific application. As each product application is unique, the customer assumes all risks associated with the determination and actual use of the pallet.
